Section 1

Introduction and Overview

1.0 Overview	3
1.1 History of Food Safety Regulation.	4
1.1.1 Pure Food and Drugs Act of 1906	4
1.1.2 Federal Food, Drug, and Cosmetic Act	4

1.1.3 Amendments to the Food, Drug, and Cosmetic Act. 6

1.1.4 The Federal Meat Inspection Act. 9

1.1.5 The Poultry Products Inspection Act. 10

1.2 The Role of Federal Agencies 11

1.2.1 The Food and Drug Administration (FDA) 11

1.2.2 The U.S. Department of Agriculture (USDA) 13

1.2.3 The Environmental Protection Agency (EPA) 14

1.2.4 Interagency Coordination 15

1.3 Biotechnology 17

Section 2

General Principles of Food Safety

2.0 Overview. 3

2.1 Definition of Food Safety 5

2.2 Sources of Food Safety Hazards 7

2.3 Controlling Potential Hazards 9

2.4 Government Regulation of Food Safety 11

2.5 Enforcement Actions. 12

2.6 Administrative Sanctions 13

2.6.1 Warning Letters 13

2.6.2 Adverse Publicity 13

2.6.3 Recalls 14

2.6.4 FDA Civil Money Penalties. 15

2.6.5 USDA Administrative Sanctions 15

2.7 Judicial Sanctions Against Product 16

2.8 Judicial Actions Against a Company 17

2.8.1 Injunctions 17

2.8.2 Criminal Prosecution. 18

Section 3

Environmental and Accidental Contaminants

3.0 Overview. 3

3.1 The Basic Legal Standard 5

3.1.1 Inherent Substances 6

3.1.2 Added Substances 6

3.2 When a Poisonous or Deleterious Substance is Added 9

3.2.1 Litigation Involving Environmental and Accidental Contaminants 10

3.3 FDA Tolerances 12

3.4 FDA Action Levels. 14

3.4.1 General Regulations Governing Action Levels 14

3.4.2 Criteria for Establishing Action Levels 15

3.4.3 Issuance and Modification of Action Levels 16

3.4.4 Legal Effect of Action Levels 17

3.4.5 Defect Action Levels 18

3.5 Types of Environmental and Accidental Contaminants 19

3.6 Microbiological Contamination. 20

- 3.6.1 FDA Regulation of Microbiological Contaminants 20
- 3.6.2 Zero Tolerance Policy and Process Controls 20
- 3.6.3 USDA Regulation of Microbiological Contaminants 22
- 3.6.4 Potential Sources of Microbiological Contamination 23
- 3.7 Contamination From Mercury and
Polychlorinated Biphenyls (PCBs) 25**
- 3.7.1 Mercury Contamination 25
- 3.7.2 Contamination From Polychlorinated Biphenyls (PCBs) 26
- 3.8 Contamination of Crops by Aflatoxin 28**
- 3.8.1 Potential Sources of Aflatoxin Contamination. 28
- 3.9 Checklist: Responding to Potential Contamination 29**

Section 4

Intentionally Added Substances

- 4.0 Overview 3**
- 4.1 Pesticides. 5**
- 4.1.1 The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) 6
- 4.1.2 Tolerances for Pesticide Residues 7
- 4.1.3 Pesticide Residues in Processed Foods. 9
- 4.2 Checklist: Complying With Pesticide Regulations. 10**
- 4.3 Food Additives 14**
- 4.3.1 The Roles of FDA and USDA Regarding Food Additives
(and Color Additives) for Meat and Poultry 14

- 4.3.2 Definition of Food Additive 15
- 4.3.3 The Delaney Clause 18
- 4.3.4 Exclusions From the Food Additive Definition 19
- 4.3.5 Substances Generally Recognized As Safe (GRAS) 19
- 4.3.6 Prior Sanctioned Ingredients 21
- 4.3.7 Strategies for Gaining Exemptions 21
- 4.4 Checklist: Complying With Food Additive Regulations 23**
- 4.5 Color Additives 26**
 - 4.5.1 Definition. 26
 - 4.5.2 Approval Process for Color Additives 27
- 4.6 Checklist: Complying With Color Additive Regulations 28**
- 4.7 Animal Drugs 29**
 - 4.7.1 New Animal Drug Approval Process 29
 - 4.7.2 The Delaney Clause and the DES Proviso 30
 - 4.7.3 Extra-Label Use 30
 - 4.7.4 Complying With New Animal Drug Provisions 31

Section 5

Food Irradiation and Food Biotechnology: Cutting Edge Technologies of the New Millennium

- 5.0 Overview 3**
- 5.1 Food Irradiation 4**
 - 5.1.1 What is Food Irradiation? 5

5.1.2 FDA- and USDA-Approved Uses of Food Irradiation 5

5.1.3 Food Irradiation Petitions Pending at FDA 7

5.1.4 FDA Approvals for Irradiation of Packaging Materials;
 Premarket Notification Procedure for Food Contact Substances . . . 9

5.1.5 Labeling Requirements for Irradiated Foods. 10

5.1.6 Irradiation and HACCP. 11

5.2 Food Biotechnology. 14

5.2.1 What Is Food Biotechnology? 14

5.2.2 What Crops/Foods Are Genetically Modified? 15

5.2.3 Federal Regulation 16

5.2.4 Labeling of GM Foods 18

Section 6

Identifying Potential Food Safety Hazards

6.0 Overview 3

6.1 Good Manufacturing Practices (GMPs) 4

6.2 Quality Control Programs 6

**6.3 Overview of Hazard Analysis Critical
 Control Point (HACCP) Systems 7**

6.3.1 Hazard Analysis 7

6.3.2 Identification of Critical Control Points 8

6.3.3 Critical Limits 8

6.3.4 Monitoring. 8

6.3.5 Corrective Action. 9

6.3.6 Recordkeeping 9

6.3.7 Verification and Improvement 9

6.4 Checklist: Hazard Identification 11

6.4.1 Raw Materials Acquisition 12

6.4.2 Receipt and Storage of Raw Materials 14

6.4.3 Facility Where the Product is Stored and/or Processed 16

6.4.4 Processing 19

6.4.5 Personnel 21

6.4.6 Packaging Material 23

6.4.7 Storage and Shipment of Finished Food Products 24

Section 7

General Principles of HACCP

7.1 Overview. 3

**7.2 National Advisory Committee on Microbiological
Criteria for Foods (NACMCF) 4**

**7.3 NACMCF Guidance on the Role of Regulatory
Agencies in HACCP. 40**

Section 8

Applying HACCP in the Plant

8.0 Overview 3

8.1 Hazard Analysis 6

8.1.1 Sanitation/Good Manufacturing Practices as HACCP Precursors . . 6

8.1.2 Assembling the HACCP Team 6

8.1.3 Describing the Processor's Food Products 7

8.1.4 Identifying Intended Uses and Likely Consumers of Products . . 8

8.1.5 Developing a Processing Flow Chart 8

8.1.6 Verifying the Accuracy of the Flow Chart 9

8.1.7 Conducting a Hazard Analysis 9

8.2 Identifying the Critical Control Points. 11

8.3 Setting Critical Limits for Each Identified Critical Control Point 15

8.3.1 Potential Sources of Data for Setting Critical Limits 16

8.4 Establishing Monitoring Requirements for Critical Control Points 18

8.4.1 Documenting Monitoring Activities 19

8.4.2 Implementing Monitoring Activities 19

8.5 Corrective Action for Deviations from Critical Limits. 21

8.6 Verification Procedures to Assess the HACCP System 24

8.7 Establishing Effective Recordkeeping Procedures. 26

**8.8 Application of HACCP Steps in Developing a Hypothetical
HACCP Plan for Cooked Beef Patties 29**

Section 9

Meat and Poultry HACCP

9.0 Overview 5

9.1 Legal Authority. 8

9.1.1 Authority to Adopt Sanitation
 Performance Standards/SSOP Requirements 8

9.1.2 Authority to Adopt HACCP Requirements 8

9.1.3 Authority to Adopt Microbial Testing Requirements 9

9.2 Prerequisite Programs 10

9.2.1 Sanitation Performance Standards 10

9.2.1.1 The Performance Standards In General 10

9.2.1.2 Enforcement 12

9.2.2 Sanitation Standard Operating Procedure (SSOP). 13

9.2.2.1 The SSOP Requirements. 13

9.2.2.2 Enforcement 15

9.2.3 Regulatory Non-recognition of Good Manufacturing Programs . . 16

9.3 Regulatory HACCP Principles 17

9.3.1 Hazard Analysis 17

9.3.1.1 General Regulatory Requirements. 17

9.3.1.2 What Is A Hazard Reasonably Likely To Occur 17

9.3.1.3 HACCP Plans For Individual Products/Processes. 18

9.3.2 Critical Control Points 19

9.3.3 Critical Limits. 20

9.3.4 Monitoring 20

9.3.5 Corrective Actions 21

9.3.6 Verification, Including Agency Testing & In-Depth Verification . 21

9.3.6.1 Establishment Verification 22

9.3.6.2 Agency Verification In General. 23

9.3.6.3 Agency Testing Programs. 23

9.3.6.3.1 *E. coli* Testing. 24

9.3.6.3.2 *Salmonella* Performance Standards 25

9.3.6.4 In-Depth Verification (IDV) Audits 27

9.3.7 Recordkeeping 27

9.3.7.1 Regulatory Requirements 27

9.3.7.2 Practical Guide To Records 29

9.3.8 Miscellaneous Regulatory HACCP Requirements 30

9.3.8.1 Beyond Current HACCP Requirements: Future Trends. 31

9.3.8.2 Food Safety After The Product Leaves The Establishment 31

9.3.8.3 New In-Plant Initiatives 31

9.3.8.4 Foodborne Outbreak Tracking Capabilities 32

9.4 ENFORCEMENT ACTIONS 33

9.4.1 In-Plant Enforcement – The Noncompliance Record 33

9.4.1.1 The NR in General 34

9.4.1.2 Appealing Nrs 38

9.4.1.3 NR Tracking 41

9.4.2 Enforcement – Threatened and Actual Suspension of Inspection . 42

9.4.2.1 Initiation of Enforcement Action 42

9.4.2.1.1 Withholding of Inspection 42

9.4.2.1.1 Other Triggers 43

9.4.2.2 Procedures For Withholding Actions and Suspensions 43

9.4.2.3 Other Suspension Procedures 47

9.4.2.4 Scope of Action 49

9.4.3 Administrative Enforcement – Proceedings Before an
Administrative Law Judge 49

9.4.4 Federal Court Appeal 49

Section 10

FDA HACCP Regulation

10.0 FDA HACCP Regulation 3

10.1 Implications of HACCP for FDA Inspection 4

10.2 FDA Requirements for HACCP Systems — Seafood. 5

10.2.1 In General. 5

10.2.2 Requirements Particular to Seafood Processors and Importers Under
FDA’s Seafood HACCP Regulation 9

10.2.2.1 Scope of Regulation 9

10.2.2.2 Sanitation 10

10.2.2.3 Receipt of Product as a Critical Control Point 11

10.2.2.4 Importers 12

10.2.3 Compliance 13

10.2.4 Miscellaneous Provisions 14

10.2.4.1 Training 14

10.2.4.2 Low Acid Canned Foods 14

**10.3 Requirements Particular to Juice Processors and Importers Under
FDA’s Juice HACCP Proposal 15**

10.3.1 Scope 15

10.3.2 Prerequisite Program — SSOPs 16

10.3.3 HACCP Plan 17

10.3.3.1 Mandatory Performance Standard 17

10.3.3.2 Verification 18

10.3.3.3 Validation 18

10.3.3.4 Records Retention and Access 19

10.3.4 Imported Products 20

10.4 FDA Pilot Programs for Extension of HACCP Systems 21
